Hi Folks:

Here's the letter to ODEQ. I will upload this to Sharepoint along with the comms. materials.

Our plan is to let Oregon process the information before we distribute this letter to other states or anyone else.

Marianne

Joni,

Attached is our response to your March 9, 2016 request for a regulatory interpretation regarding the applicability of the NESHAP for Glass Manufacturing Area Sources to tank furnaces at art glass manufacturers in Portland, Oregon.

Please feel free to contact Region 10 or me if you have any questions.

All the best,
Ed
